- Final Building

When to call for an inspection:

Footing Inspection: Bottom of trench **PRIOR** to the pouring of concrete

Foundation Inspection: **Prior** to the placement of backfill

Framing Inspection: **AFTER** passing rough electric and plumbing inspections and **BEFORE** insulation

Insulation Inspection: **PRIOR** to placement of gypsum board

Final Building Inspection: Only **AFTER** final electric, fire and plumbing pass.

*** The scope of work on every job is different therefore not all of the above inspections may be necessary for your project. If you are unsure, consult with your contractor or Sub-code Official prior to calling in for an inspection.**
